Discover practical ways to manage young workers' comfort and deal with their potentially pre-existing injuries.

Presenter: Dr. Randall Browning | WorkPartners OHS

Whether it's tax fraud, accounting fraud, Medicare fraud, auto insurance fraud, or workers' comp fraud, it's all the same thing: Seeking financial gain through deception. Anyone who touches a workers' compensation claim, including claimants, employers, lawyers, insurance companies, and doctors, have an opportunity to profit from lying. Attendees will learn how to detect workers' comp fraud from various players, and what to do about it.
